

LIBERTY LATIN AMERICA SUPPORTS COMMUNITIES WITH RESOURCES TO ADOPT SAFER INTERNET PRACTICES

DENVER, COLORADO – February 11, 2025: [Liberty Latin America Ltd.](#) (“Liberty Latin America” or the “Company”) (NASDAQ: LILA and LILAK, OTC Link: LILAB) joins the global community in promoting the safe, responsible, and positive use of digital technology as part of Safer Internet Day. The Company has been providing [resources and tips](#) for employees and the communities they serve to generate greater awareness and help make the internet a safer place

Felipe Ruiz, VP, Information Security, and CISO, Liberty Latin America commented, “As a leading connectivity provider in the region, it is our responsibility to help make the internet and digital technologies safer for everyone. That’s why, every year on Safer Internet Day, we take a moment to reflect on our efforts to keep our communities safe. A key part is raising awareness about potential risks and sharing best practices. This year we’re sharing resources to help you, your family, your business, and everyone in your community stay safe online. Through understanding, we grow stronger and together, we can make the internet a better place.”

Liberty Latin America is bringing together thousands of employees to promote Safer Internet Day across the region through the following activities:

- In Panama, the Mas Movil Foundation together with the Ministry of Social Development, youth leaders, and digital rights NGOs, is organizing a ‘Building a Safer Internet’ workshop focused on digital citizenship.
- Senior citizens in The Bahamas and Barbados will have the opportunity to join informational sessions on safe internet practices, thanks to our collaboration with local senior organizations.
- In Jamaica, a national TV special on internet safety will be broadcast and colleagues will work with social media influencers to promote responsible online behavior.
- Students and parents in Trinidad can tune in to an online session on digital safety, while an educational event featuring a digital anthropologist – organized in partnership with the Bankers Association of Trinidad & Tobago – will offer another learning opportunity.
- At Liberty Networks, in collaboration with local non-profits in Colombia, El Salvador, Honduras, and the Dominican Republic, colleagues will provide a digital seminar focused on safer internet use for children, youth, and caregivers, guided by Liberty Latin America’s Chief Information Security Officer.

- And finally in Puerto Rico, a Safer Internet Browsing Guide will be launched with the help of social media influencers who will be sharing tips to help people recognize and avoid cyber scams.

Liberty Latin America is committed to advocating for the responsible use of technology and encourages everyone to contribute to the effort, not only on Safer Internet Day, but throughout the year.
